

Lloyd Grolimund is The Aussie Pastor

The Aussie Pastor We need your HELP

Every month we organically reach 221,000 people online for Christ. If we had more money for marketing, we could take our viewership into the millions. Australians are our biggest audience, followed by Afghanistan, Iraq, Libya and Lebanon. To continue to reach these people with the life changing gospel of Jesus we need money – the more we have the further we can go.

And that's why we are asking you for help.

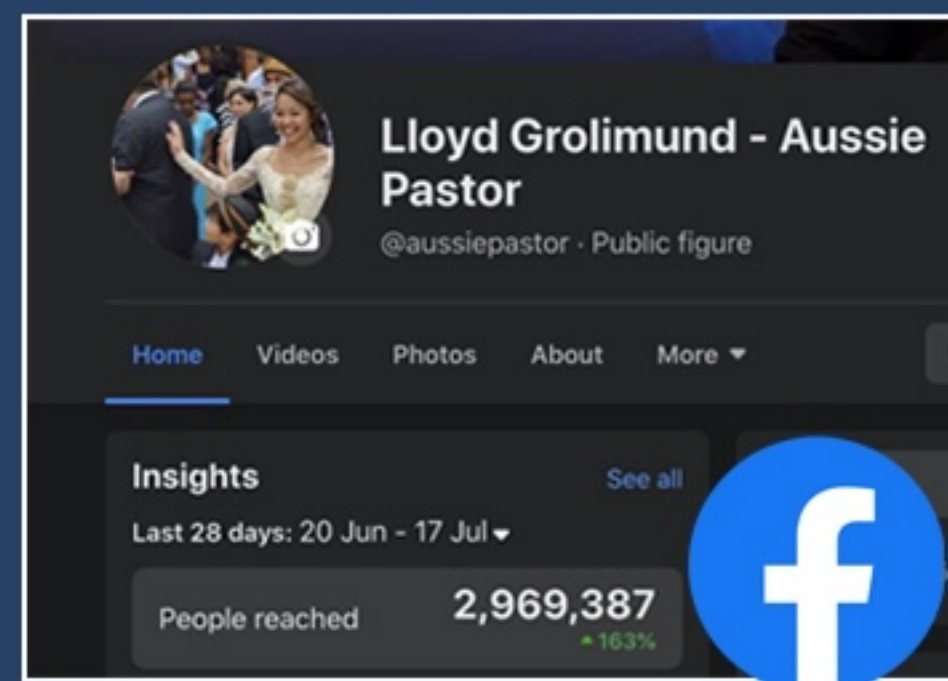

There are 2 ways you can donate:

1. **Tax deductible** – can only be spent in within tight parameters and within Australia.
2. **Non tax deductible** – can be spent in the ministry where needed.

The Aussie Pastor has 46,000+ followers on Facebook. Every month we have 221,000 people connect to watch videos and read posts about Jesus.

YouTube is a platform we are increasingly turning to. We have almost 2,000 subscribers and 10,000 people a month click on a program to watch. On average a whopping 40% watch the programs from beginning to end. These are massive numbers for YouTube. We see YouTube as our future.

The other platforms are fairly new to The Aussie Pastor and we are only beginning to utilise them. If we were able to raise more money, then the sky is the limit. We can go to millions worldwide. The more we raise then the more we can spend and the further around we can go.

Programs online every week:

Faith FM, Friday Night Live, Sabbath sermon, New Prophecy Series
FB posts minimum every day – sometimes multiple times.
